For: SOLDER, MICROELECTROMECHANICAL
COMPONENT AND DEVICE, AND A
PROCESS FOR PRODUCING A
COMPONENT OR DEVICE

Examiner: B. P. Sandvik

DECLARATION OF AXEL SCHUBERT UNDER 37 C.F.R. SEC. 1.131

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

I, Axel Schubert, do hereby declare and state as follows:

1. I reside in Munich, Germany.
2. I am one of the inventors of the above-identified U.S. patent application (the “‘423 application”) filed on February 27, 2004, as evidenced by the attached executed Declaration (Exhibit E, attached hereto) filed in the ‘423 application.
3. I have reviewed and understand the ‘423 application, including the currently pending claims, including any and all amendments (the “Claimed Invention”).

DOCSNY.261446.01

4. I conceived the invention covered by the Claimed Invention prior to October 4, 2002, as evidenced by Exhibit A (attached hereto), which is an Invention Report dated June 26, 2002, and an English translation thereof, which by which my co-inventors and I notified my then employer, Infineon Technologies AG, of the invention. These documents show that my co-inventors and I conceived the invention prior to October 4, 2002.

5. A national filing in Germany based on the above-mentioned disclosure was effected on February 27, 2007, as evidenced by Exhibit D, a verified translation of the priority application from which the '423 application claims benefit under Section 119.

6. The preparation of the present application covering the Claimed Invention was diligently pursued from prior to October 4, 2002, to the date of filing in Germany on February 27, 2003.

7. The '423 Application was filed within one year of the German priority application, in accordance with the Paris Convention requirements.

8. The attached Exhibits are photocopies of original evidence of my conception and reduction to practice of the Claimed Invention.

A handwritten signature in black ink, appearing to read "Axel Schubert". The signature is written in a cursive, flowing style.
